LaScala

Get Assistance with CMMC 2.0 Compliance Funding through the CyberSmart Program

Phase 1

Start the NIST 800-171 rev 2 gap analysis report process at a pre-negotiated discounted cost of $1,500 as the first step toward compliance and Cybersecurity Maturity Model Certification (CMMC).

The gap analysis provides information to complete the POA&M, SSP, submit to SPRS, and other requirements.

Phase 2

After completing a Phase 1 gap analysis, up to $22,500 in grant funding ($7,500 paid by client) is available to remediate compliance deficiencies and to upgrade cybersecurity infrastructure.

Phase 3

Get technical assistance for remediation tasks beyond Phase 1 & 2.

BBB ACCREDITED BUSINESS

About the Program

The Michigan Defense CyberSmart program is a statewide resource that assists small and medium sized companies doing business with the Departments of Defense (DoD). The grant allows businesses to receive up to $22,500 funding ($7,500 paid by client) to achieve federal cybersecurity compliance and to obtain a gap analysis report. Get assistance with NIST 800-171 rev 2 implementation for meeting DFARS 252.204-7012 requirements.

Eligibility Requirements

Phase 1 & 2
- Michigan companies who are currently doing business with the DoD
- Existing DoD prime contractor or subcontractor

Phase 3
- Registered in system for award management as a Michigan company
- In good standing with the State of Michigan
- A standardized gap analysis report from the Michigan Defense Center Vendor Referral List (LaScala)
- Average Bid Targeting System (BTS) score of at least 50
- Completed Plan of Action & Milestones (POA&M) and System Security Plan (SSP)
- BTS firm profile updated with the Self-Certification box checked showing NIST Compliance

Who Needs to Comply With This

Businesses that are part of a DoD supply chain that must implement the NIST 800-171 rev 2 compliance.

Compliance Services

Key services provided by LaScala to achieve compliance include:
